GYNAE SAYS – COVID EDITION

WHAT HAPPENS IF I GET INFECTED BY COVID-19 DURING MY PREGNANCY?

YOU WILL BE ADMITTED TO HOSPITAL IN A SEPARATE COVID-19 WARD, WHERE A TEAM OF HEALTHCARE PROFESSIONALS WILL LOOK AFTER YOU.

DON'T WORRY, BLOOD TESTS, CHEST X-RAYS AND OTHER TESTS THAT MAY BE REQUIRED ARE SAFE FOR PREGNANCY. THE TEAM WILL ALSO MONITOR THE PROGRESS OF YOUR PREGNANCY CLOSELY.

GYNAE SAYS - COVID EDITION

HOW CAN THE COVID-19 VIRUS AFFECT MY PREGNANCY?

PREGNANT WOMEN DO NOT APPEAR MORE LIKELY TO CONTRACT THE INFECTION THAN THE GENERAL POPULATION. IF THE MOTHER BECOMES VERY ILL AS A RESULT OF COVID-19 OR OTHER INFECTIONS, THE ILLNESS MAY CAUSE MISCARRIAGE OR PREMATURE LABOUR.

ALL COVID-19 POSITIVE PREGNANT WOMEN ARE ADMITTED FOR CLOSE OBSERVATION, SO THAT PROMPT TREATMENT AND EXPERT INTERVENTION CAN BE CARRIED OUT.

GYNAE SAYS – COVID EDITION

WILL IT BE MORE DIFFICULT
FOR PREGNANT WOMEN TO
RECOVER FROM COVID-19?

PREGNANT WOMEN
WITH A GREATER RISK
OF COMPLICATIONS
ARE THOSE WHO ARE
OLDER, OBESE OR HAVE
MEDICAL CONDITIONS
LIKE DIABETES AND
HYPERTENSION.

TO DATE, IN SINGAPORE, ALL OF OUR PREGNANT MOTHERS WITH COVID-19 HAVE MADE A FULL RECOVERY. WORLDWIDE, THE MAJORITY OF MOTHERS RECOVER WELL TOO!

GYNAE SAYS - COVID EDITION

CAN THE COVID-19 VIRUS BE PASSED FROM THE MOTHER TO THE BABY IN THE WOMB, OR UPON BIRTH?

THERE IS A SMALL POSSIBILITY OF THE VIRUS PASSING FROM THE MOTHER TO THE BABY IN THE WOMB UPON BIRTH, ALTHOUGH INTERNATIONAL STUDIES HAVE SHOWN THE RISK TO BE LOW, AND MOST INFECTED BABIES RECOVER WELL.

TO DATE, IN SINGAPORE, NONE OF THE BABIES BORN TO COVID-19 INFECTED MOTHERS HAVE HAD THE INFECTION!

I'M IN THE PINK OF HEALTH!
