## GREATER SUPPORT FOR FAMILY-FRIENDLY WORKPLACES

The Government has introduced the following initiatives to foster family-friendly workplaces that benefit both employers and employees:

### Tripartite Standard on Flexible Work Arrangements (FWAs)

- Encourages employers to offer FWAs and helps employees or job seekers recognise companies with progressive FWA practices. When adopting FWAs, employers and employees agree to a variation of the usual work arrangement, such as:

**Flexi-time**  
(Work timing/duration)

**Flexi-place**  
(Work location)

**Flexi-load**  
(Work scope)

### Tripartite Standard on Unpaid Leave for Unexpected Care Needs

Encourages employers to provide the following leave measures:

- Up to 4 weeks of unpaid leave per year for employees if their child is below age of 2 years and was born (a) pre-term, (b) as part of multiple births, or (c) with congenital or any other medical conditions
- Up to 2 weeks of unpaid leave per year for employees caring for immediate family members during or after hospitalisation

- BCA's Accessibility Fund** covers up to 60% of construction costs for family-friendly features including nursing rooms, when private buildings — built before 1990 — undergo basic barrier-free accessibility upgrading

## FAMILY BONDING
